Miki & I share your optimism after a very productive meeting with Les and Mason. Let's keep moving ahead.

Hi Don, John,

Just wanted to send a quick email to let you two know I haven't lost any speed on my end. Have marketing mock ups ready to go, site map, first round of invites for farmers - ranchers - specialty vendors - packaged and prepared, have all agency applications ready to go as well (agriculture, health department and other items to go with the petition for our street permit) and have connected with Ecology Center to begin the EBT process as well as to receive a grant to cover programming costs. All up, I'm still very hopeful that things will work out as between the BID and Vitalization.

Looking forward to charging full speed ahead,

Best,

Cynthia
